COVID-19 Billing Guides Updated with COVID-19 Vaccine Information

Nevada Medicaid has updated the COVID-19 General Billing Guide and the COVID-19 Community-Based Testing and Vaccination Billing Guide with information regarding eligibility of the COVID-19 vaccine administration fee by aid category, COVID-19 vaccine administration fee reimbursement, billing codes, expedited provider enrollment, and requirements of the Nevada State Immunization Program. Additionally, both billing guides were updated throughout to keep information up-to-date.

Nevada Medicaid will continue to update these billing guides as additional COVID-19 vaccines are approved by the U.S. Food and Drug Administration for emergency use authorization along with other approved COVID-19 services.

All Nevada Medicaid Fee-for-Service billing guides, including the two related to COVID-19, can be found on the Providers Billing Information webpage at: <https://www.medicaid.nv.gov/providers/BillingInfo.aspx>.
